

# Saving Discharge Diagnosis to Discharge order.

In the discharge order:

Order: Discharge Medicine  
Requested By: Gill, Connie  
Messages:  
Discharge Date: 06/24/2014  
Discharge Time: [dropdown]  
Discharge to: Home (Routine)  
Prescription Status: [dropdown] Clear with Doctor/Specialty  
Prescriptions Given to Patient  
Prescriptions on Chart  
No Prescriptions Needed  
Discharge Diagnosis: [icon] [text field]

This opens up Health Issue Manager:

Health Issue	Code	Type	Onset	POA	Relationship to Patient (Age at Diagnosis)	Copy To	Status
- Other Dx (1)							
<input type="checkbox"/> Anemia	285.9	Other Dx					Active

Note on the left side of screen at the bottom Discharge Dx is highlighted. If not make sure to select before entering in the appropriate diagnosis.
